I just want to make clear that I never received any communications from the defense regarding this matter. Nor have I received any motions via Pacer. If and when a formal motion is filed we will respond accordingly. In the interim, I request that the defense include me on all future communications with the court. Thanks.

Re: Richard Harley.

I think his displeasure is with me . He has asked me to withdraw but I see no reason to do so . Perhaps the judge might want to consider this issue. Also he may ask to represent himself.
